Features & Specifications

HARD WATER WASH

Adapts the wash cycle to give you 20%* better cleaning. The intelligent hard water wash mechanism adapts the machine program for washing in hard water, giving improved washing performance.

HOT CATALYTIC SOAK

Clothes are soaked in hot detergent solution before the wash cycle begins which loosens the toughest dirt and gives superb washing experience.

SMART SENSORS

Smart sensors in the machine automatically senses and indicate low voltage & water conditions. Upon successful revival of voltage and water levels, the machine cycle continues from where it left off without any manual intervention.

3D SCRUB TECHNOLOGY

The spring loaded 3D scrub pads gently rotates the clothes & repeatedly moves the laundry in an up & down motion in the washing machine, ensuring that tough dirt is removed from your clothes.

CARE MOVE TECHNOLOGY

A unique feature that provides a front-load like wash, ensuring the best of care for your clothes.

SMART DETERGENT DOSAGE

Senses the laundry load inside the tub and recommends detergent dosage accordingly.

Damper for slow falling of Lids

IntelliSense INVERTER MOTOR

Enjoy the sound of silence & minimum vibration with the new advanced high tech IntelliSense inverter motor. It provides you with the ultimate washing experience and brilliant care for each garment.

INFINITE CARE DRUM

The ultra dimensional design gently caresses the laundry by decreasing surface friction and hence causes minimum damage to the garments.

NEAR ZERO VIBRATION[#] at 1400 RPM

Superior drying results and ultimate care for each garment with minimum vibration and noise.

A+++ ENERGY RATING[^]

Supreme savings with A+++ Energy Rating. This translates to unparalleled energy efficiency, giving you the best washing experience with low energy consumption.

COLOUR 15°

Colours 15° effectively uses the softener to avoid colours from fading. It uses cold water wash to protect colours of fabrics.

BIOSTAINS 15°

Removes tough[~] stains, even blood using cold water and ensuring complete protection of garments.
